MarketScout Named Best Places to Work for Fourth Consecutive Year

DALLAS, November 9, 2015 – [MarketScout](http://MarketScout.com), the national electronic insurance exchange and specialty MGA headquartered in Dallas, Texas, today announced that it has earned *Business Insurance* magazine's 2015 award for "Best Place to Work in Insurance". The award recognizes MarketScout for being one of the best employers in the insurance industry for the fourth consecutive year.

"A company is only as good as its employees. We treat our employees like family, we expect a lot and hold them to very high standards; however, when they are in a time of need, we are there to support them. We are proud to achieve this prestigious award," said Richard Kerr, CEO of MarketScout.

The Best Places to Work in Insurance program is a joint effort of *Business Insurance* and Best Companies Group. Its two-part assessment process recognizes companies that have created high-quality workplaces in which employees can thrive and enjoy doing so. One part, responsible for 75 percent of a company's score, involved a confidential employee engagement and satisfaction survey, which was used to evaluate employees' workplace experience and the company's culture. The second part consisted of an employer questionnaire, which collected information about each company's benefit programs, policies, and practices.
