

MarketScout is an exclusive provider for a nationwide transportation occupational accident and contingent liability insurance program. This program allows us to offer unique plans and/or create a customized plan based on the insured's specific needs.

Transportation Occupational Accident

Occupational Accident and Contingent Liability

We'll review any type of transportation risk to determine if it makes sense to provide coverage. We are very interested and skilled in the GIG/On-demand/Platform industry including transportation and non-transportation risk. We promote "creativity" and provide "solutions".

Target Classes

- Long Haul
- Refrigeration
